AUCTION NO. 247

SPRING NEW YORK CITY PAPER MONEY, STOCK AND BOND AUCTION MARCH 22-23, 2005

SMYTHE

ESTABLISHED 1880

We buy, sell, and auction the very best in Antique Stocks and Bonds, Autographs, Banknotes, Coins, Historic Americana, and Vintage Photography

TERMS OF SALE

1. A 15% buyers charge will be added to the hammer price of each lot purchased.

2. All bids are per lot as numbered in this catalogue.

3. Bids less than 60% of the estimate **will not be accepted.**

4. We reserve the right to withdraw any lot prior to sale.

5. All successful bidders shall be billed for postage, handling and insurance.

6. **We cannot be responsible for the loss of any merchandise shipped outside the United States.**

7. **All framed items are shipped at the purchaser's risk.**

8. R.M. SMYTHE reserves the right to **reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.**

9. A R.M. SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of R.M. SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.

10. United States coins and currency will not, in conformity with law, be opened at less than face value.

11. No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids below the low estimate will not be reduced. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer. "Cut" bids (bids at less than the regular bidding intervals) will be accepted, but they must be no less than half of the regular interval over the previous bid. Each bidder may make only one "cut" bid per lot, and if they are out bid, they may make no further bids on that lot.

12. In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.

13. **All bids must be in whole dollar amounts. Percentage increases will be rounded up to the nearest dollar.**

14. **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**

15. No minors may participate in our sales. **Agents bidding on behalf of others will be held liable if their principals fail to make payment.**

16. Payment for purchases is to be made by cash, check, money order or bank wire upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance. **Credit cards will not be accepted for auction purchases.**

17. Title does not pass until payment in full is received. R.M. SMYTHE reserves the right to await clearance of any check before making delivery.

18. If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by R.M. SMYTHE in procuring judgement shall be borne by the defendant. The signer of a R.M. SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as R.M. SMYTHE alone shall elect. The participant in a R.M. SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.

19. R.M. SMYTHE may reopen the bidding on a lot under the following circumstances: 1) R.M. SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.

20. In the event of dispute, the auctioneer's decision is final.

21. New York State & Pennsylvania State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.

22. No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.

23. In the event of unsuccessful litigation the plaintiff shall pay R.M. SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.

24. The same protections applicable to R.M. SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.

25. R.M. SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

26. All accounts are payable to R.M. SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.

27. **All material in this catalogue is unconditionally guaranteed to be genuine. We will not knowingly sell any item that has been "repaired", "restored", "processed", "cleaned", "pressed", or "conserved" in any way without disclosing those facts to the potential buyer.**

28. Agents who bid from the floor for clients should examine the lots carefully, and are reminded that no lots may be returned by floor bidders except for non-authenticity. Lots described as "repaired", "corroded", "holed", "whizzed", or like damage may not be returned for any reason except non-authenticity.

29. Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Third-party graded coins (i.e. PCGS, NGC, ANACS, ICG) are **sold as is, no returns.** Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it. Lots sold with the proviso 'sold as is' cannot be returned. Lots valued primarily for their bullion content may not be returned.

30. In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify R.M. SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.

31. The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.

32. The placing of a bid shall constitute **full acceptance of the fore-going terms and conditions of sale; all bid sheets must be signed by the responsible party.**

33. A $100 charge will be applied for any check that fails to clear.

Scripophily Condition Terminology

Unlike coins and paper money, the grading of stocks & bonds has not developed to the point where everyone agrees on or uses similar standards. The very nature of stocks and bonds defies a grading system based, for example, on wear, or folds.

Instead of trying to develop a strict grading system, we have used terminology designed to convey a strictly subjective impression of the items we endeavor to describe.

Fair – A certificate with extreme handling, fold splitting, stains, small pieces or tears.

Fine – Slightly below average. Folds may be heavy with splits slightly into the design elements, but with no pieces missing. More severe flaws will be mentioned.

Very Fine (VF) – The average grade of most of the stocks and bonds we encounter. A **Very Fine** share certificate will have several light to moderate folds, and the paper will show obvious wear or softness. Bonds that were originally folded by the printer may have several additional folds. There may be minor edge roughness, but any splits that extend into the designs will be described. Very light soiling is typical, but heavier stains or foxing will be mentioned.

Very Fine+ (VF+) – Obviously used or worn, but brighter or cleaner than the average example.

Extremely Fine (EF) – A well above average example. Stocks may show a few light to moderate folds. Bonds that were originally folded may have a few light to moderate extra folds. The paper will retain most of the original crispness and brightness. The margins will be free from noticeable edge splits, stains or other problems.

Extremely Fine+ (EF+) – As made, or nearly so.

"*" following a grade means there are no cancellations.

(np) indicates the item is not pictured.

In 1903 the New York franchise was approved as a member of the American League. The team was known as the "Highlanders", because the ballpark was located at 168th and Broadway, one of the highest spots in Manhattan. In 1912 pinstripes first appeared on the Highlanders uniforms, creating the most famous design in sports. In April 1913 the team was officially renamed the "Yankees". On January 3, 1920, the Yankees purchased the contract of Babe Ruth from the Boston Red Sox, which helped the Yankees clinch the first of their 39 American League pennants in 1921. In 1928 the year this certificate was issued, the Yankees make numbers a permanent feature of their uniforms. This would be adopted by the rest of baseball by 1932.

Jacob Ruppert (1867-1939) was the owner of the New York Yankees from 1915-1939. He was a millionaire brewer and socialite. During his tenure as owner he was fortunate to have players like Babe Ruth, Lou Gehrig, and later, Joe DiMaggio. as well as the 1927 "Murderers Row" team.

Washington** (1789-1854), grand-nephew of George Washington, congressman and Indian treaty negotiator. Perhaps the finest known. **VF+.** ***($1,500-2,500)***

This enterprise was chartered in 1828, in succession to the old Potowmack Company. Half of the six million in capital came from the States of Maryland and Virginia as well as the cities of Washington, Georgetown and Alexandria. Although John Quincy Adams turned the first spade, the undertaking was not a success. A change of plan widening the canal made it impossible to finish the work within the constraints of the capital. By the crash of 1837, all of the $8 million had been spent and the canal was still 50 miles from Cumberland. In the meantime, President Jackson had to repeatedly call out the militia to restore order among the quarrelsome and striking workers.

Finally, in 1850, way over budget, the canal reached Cumberland, whose coal mines at least offered a commercial product that could be carried to Washington. The company ran at a profit from 1860-1880, with the exception of 1877 when a great flood on the Potomac wrecked the works. The company got back on its feet, but the Baltimore and Ohio Railroad steadily drained away its business. It lingered until 1924, when another great flood destroyed the works and made reconstruction financially impossible. The Federal government bought the land as a park in the 1930's.

Signed by **William M. Tweed** as supervisor. **VF+.** ***($300-500)***

The Union Conscription Act of March 3, 1863, provided that all able-bodied males between the ages of 20 and 45 were liable to military service, but a drafted man who furnished an acceptable substitute paid the government $300 was excused. This touched off serious and bloody riots in New York City from July 13-16, 1863. In August the draft was peacefully resumed. Tweed's new Tammany city government voted to pay the $300 for anyone who might be drafted. Tweed had just become head of New York City's political machine in 1863. By 1868, "Boss" Tweed's Tammany Hall organization controlled most of the city and state government and was bloated with corruption.

Joseph Pulitzer (1847-1911) was born in Hungary. He immigrated to the United States in 1864 where he served in the Union army during the Civil War. He then moved to St. Louis, Missouri where he began working for a German language newspaper, the *Westliche Post*. In 1872 Pulitzer purchased the *Post*, then in 1878 he bought the *St. Louis Dispatch* , which he merged as the *St.Louis Post-Dispatch*. As a wealthy man by 1883, he purchased the *New York World* from Jay Gould. Pulitzer shifted the paper's focus to human interest stories, scandal and sensationalism. He recruited investigative journalist, Nellie Bly and cartoonist Richard F. Outcault to work for the paper helping to increase its circulation from 15,000 when he bought the paper to 600,000-making it the largest paper in the country. In 1895 William Randolph Hearst purchased the *New York Journal*, which led to a journalism war between Pulitzer's *World* and Hearst's *Journal*. This war between the two just before the Spanish-American war would link Pulitzer's name with the term yellow journalism. After the *World* exposed a fraudulent payment of $40 million by the United States to the French Panama Canal Company in 1909, Pulitzer was indicted for libeling Theodore Roosevelt and J.P. Morgan. The courts would eventually dismiss the charges. At his death, Pulitzer left Columbia University $2 million which led to the creation of the Columbia University Graduate School of Journalism. In 1917, the first Pulitzer Prizes were awarded, in accordance to Pulitzer's wishes.

2081 St. Paul Base Ball Club (MN) 1925. #47. **10 shs.** Green. State arms. Transferred from Miller J. Huggins. **VF+.*** ***($500-750)***

St. Paul got a professional baseball team in the Western League in 1895 when Charles Comisky bought the Sioux City Western League franchise and moved it to St. Paul. He was a good friend of Ban Johnson, who had big plans for the Western League. Comisky both owned and managed the Saints, who played in a small ballpark off of University Avenue before moving to Lexington Park in 1897. After three years in St. Paul, Comisky felt like he need a big city venue in a city that had a National League team and moved the team again in 1900, to the southside of Chicago where they became and still are the White Sox. The Western league by 1901 had become the American League. In 1902 the St. Paul Saints became a charter member in the new minor league, the American Association. The saints second baseman was future Hall of Fame manager, Miller Huggins. They won two pennants in two of the first 3 years in the American Association and Minor League baseball has been in St. Paul ever since. St. Paul's list of Hall of Famers includes Huggins, Lefty Gomez, Walter Austin, Duke Snider & Roy Campanella.

This is the first certificate we have seen from the St. Paul Base Ball Club and certainly the first associated with Hall of Famer Miller Huggins. Huggins, also known as "The Mighty Mite" started out as a player then a manager with the Cardinals before heading to the Yankees. He led New York to six pennants and three World Series titles, and his 1927 "Murderers' Row" club is considered one of baseball's greatest teams.

Few industries have exerted a more marked influence upon the growth of the United States than that of whaling, yet certificates related to the ships are very elusive. By the mid-1850's the whaling industry in America was at its height. Over 600 sailing ships scoured the seas in search of the increasingly valuable cetaceans, mainly due to the fact that there was simply no better way to light homes than through the use of candles made from whale oil. Ointments made from whale oil were also very popular, and whale oil was also used as a lubricant in delicate mechanical instruments.

The ships *Envoy* and *Brunswick* were both listed as hailing from New Bedford. The *Brunswick* was destroyed in 1865 by the privateer steamer the Shenandoah.

2091 **Black Mountain Mining** (Territory of Arizona) 1906. #10016. **100 shs.** Orange. Ornate border. Issued to and signed on the reverse by **Clarence Darrow.** WBN. **VF+.** ***($750-1,250)***

Clarence S. Darrow (1857-1938) was in his time the most famous lawyer in the United States, defending in court unpopular causes, underdog clients and those who could not afford to pay for his services. He represented coal miners in the strike of 1902, defended Leopold and Loeb in 1924, and in 1925 defended John Scopes in Tennessee for teaching the theory of evolution in the classroom. Darrow's dream was to make enough money to retire from the law and devote himself full time to writing. He invested in the Black Mountain Mining Company hoping to make a lot of money. It was considered a sound investment, "one of the richest, safest mines ever opened." The mine went bust in the financial panic of 1907, and Darrow lost his life savings. One can only wonder how history might have been changed had Darrow made the fortune he dreamed of in this investment, retired from practicing law and not available for the defense of some of the nation's most important trials.

Also included in this lot is a report on the "Silver Glance Claim, Silver District, Yuma County, Arizona" by Wm. Blake. The report is written by William Phipps Blake and is entirely in his hand. Blake was one of the foremost mining engineers of his time. Dated 1879, Blake comments on the Silver Glance Claim on Castle Dome Mining & Smelting stationary. He reports that the vein is 50' to 300' wide the entire length of the claim. He also sketches a geologic cross section of the rocks on the last pages. This is a must have for any serious collector of Arizona mining documents. The report does have some fold splits but its importance certainly outweighs any condition issues.

Rockefeller** as president and **Henry Morrison Flagler** as secretary. Officers signatures are cancelled in red pen. **VF+.**

($4,000-6,000)

When it was first incorporated in 1870, shares in the original Standard Oil were very tightly held. There were only five shareholders at its inception, and ten years later there were only forty-one. Standard Oil was the world's largest oil refiner, controlling 90% of the U.S. Oil business at that time. \\r **John D. Rockefeller** (1839-1937) was the dominant figure in the oil industry until his retirement in 1911. He started his business career as a bookkeeper and by age 19 was a partner in a produce business. He began operating a small refinery with his partners, and he quickly became alerted to the growing investment possibilities in what was then a fairly new industry. In 1870, he organized the Standard Oil Company of Ohio and proceeded to achieve control over 90% of the oil refineries in the country. Rockefeller had little interest in discovering oil; he left that to the wildcatters and other speculators. He concentrated on the transportation, distribution and sale of petroleum products, building a fortune estimated at over a billion dollars.

William G. Warden was the largest oil refiner in 1874 when Rockefeller bought him out. He would later represent Standard Oil interests in Philadelphia and was secretary of the South Improvement Company.

The company also owned steamers which plied between New York and Monmouth, Sandy Hook and Long Branch. After 1879, it was operated as part of the Central Railroad of New Jersey.

Jay Gould (1836-1892), was one of America's most colorful financiers and premier robber barons. He was involved in a series of railroad stock manipulations. Conspiring with James Fisk and Daniel Drew, he struggled with Cornelius Vanderbilt for control of the Erie RR. His attempt to corner the gold market resulted in the Panic of Black Friday on September 24, 1869. By 1886, Gould was in virtual control of the New York City elevated railways and the Western Union Telegraph Co.

Eliphalet Remington Archive

The town of Ilion, New York, was originally named Remington's Corners. In 1843, at the insistence of Eliphalet Remington (senior), the town was renamed Ilion. The Ilion Bank was established in 1852. Eliphalet was a director and first president of the bank; the Remingtons naturally did their banking there. In December of 1863, the Remington brothers, Philo, Samuel and Eliphalet (junior), were stockholders in what would become the First National Bank of Ilion.

Upon the death of Eliphalet (senior), Philo Remington (1816-1889) took charge of father's manufacturing empire, splitting up two major units. Philo, in partnership with his brother, Eliphalet (Jr.), managed the agricultural machine production; Philo served as president of the arms division. In 1865 Philo reorganized the arms division as E. Remington & Sons. Under Philo's leadership it became a world famous arms company, producing universally acclaimed pistols, and eventually developing breech-loading weapons that were ideal for military use.

After the Civil War, Philo realized that the arms factory would be under utilized; he then investigated the manufacture of other products. In 1870 Remington began manufacturing sewing machines, eventually selling 35,000 annually. Three years later Philo saw his first working typewriter; he then committed the company to be the first large scale producers of that product. In 1875 E. Remington & Sons got the first large scale order of typewriters ever place. The firm had a hard time handling both the sales and the manufacture of typewriters. In 1882 they sold the typewriter division, and five years later the agricultural division was auctioned. In 1920 the arms division was incorporated as the Remington Arms Company, and came under control of E.I. du Pont de Nemours & Co.

Eliphalet Remington (1793-1861) was an important American arms manufacturer. He made gun barrels out of scrap metal and subsequently received many orders for finished gun barrels. In 1828, Remington erected a gunshop. In 1845 he purchased the entire gun-finishing machinery of Ames & Co., Springfield, Massachusetts. He assumed an unfinished contract for several thousand carbines for the U.S. Government. In1847 he produced a contract to produce 5,000 Harper's Ferry rifles. He also began the manufacture of agricultural implements including the cultivator tooth, plows, mowing machines, horse hoes and other items. At the beginning of the Civil War he received a large contract for rifles, carbines and pistols. Remington served as the first president of the Ilion Bank. He died in Ilion in 1861, leaving three sons to continue his business.

In 1671 the Danish king chartered the Danish West Indian Company to colonize the uninhabited islands of St. Thomas. The company was given a monopoly of all trade with the West Indies. The population of the colony was derived from the recruitment of soldiers, skilled workers and artisans with the first laborers on the plantations being Dutch convicts then slaves. The company established a settlement on St. John in 1694. The Danish West Indian Company purchased St. Croix from the French in 1733 bringing St. Thomas, St. Croix and St. John together as the Danish West Indies. The islands remained under Danish rule until 1917, when the United States purchased them for $25 million in gold in an effort to improve military positioning during World War I. St. Croix, St. Thomas and St. John became the US Virgin Islands.

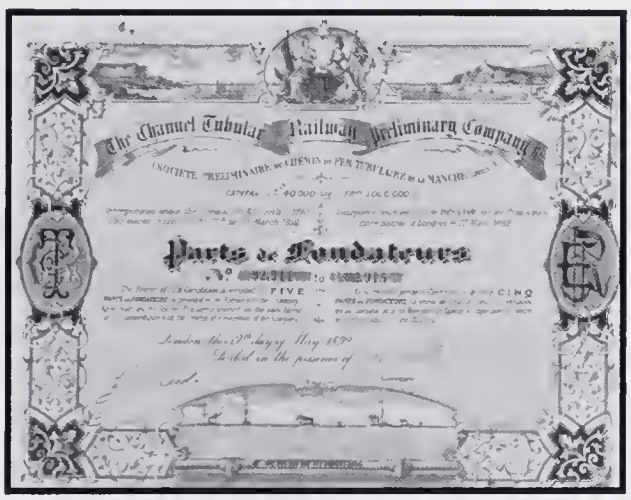
($175-250)

As far back as 1818, Cardinal Richelieu states:"There are six great powers in Europe: England, France, Prussia, Austria, Russia and the Baring Brothers." Thomas Baring was not only one of the most influential financiers of his time, but was a member of parliament and one of the richest men of his day. Aside from financial dealing around the world, Thomas Baring supported the North in the Civil War and advanced millions for the purchase of arms and ironclads.



2335 Channel Tubular Railway Preliminary Company (Great Britain) 1892. **5 Founder's Shares.** Light tan underprint. Text in English and French. An exceptional work of art depicting the White Cliffs of Dover, the French coastline, and a classic vignette of a cross-section of the tunnel under water showing a locomotive with passenger cars chugging towards the French side. Surrounded by a magnificent border topped by the Goddess Britania and Marianne (the woman symbolizing France) holding their respective flags and holding hands. **VF+.** ***($300-500)***

The Channel Tunnel nicknamed "The Chunnel" now links Britain to mainland Europe for the first time since the ancient land bridge eroded 10,000 years ago. To date this is the biggest construction project Europe has ever undertaken. However history tells of earlier attempts such as this grandiose scheme from 1892. The historical significance of this is that it is the only available antique stock certificate of a company attempting to tunnel under the English Channel. The dream of a "Chunnel" goes back to before 1802, but this is the only available antique stock celebrating this monumental engineering project.

Pre-1900 investors were faced with fairly limited alternatives. An early portfolio might consist of shares in banks, insurance companies, libraries, land companies, toll roads, and a few bridges. Collectors of certificates before 1800 are even more limited. They have very few opportunities to make new acquisitions, and most realize in excess of $1000.

Rancocus Toll-Bridge certificates are quite scarce and have realized as much as $2,100 in the past. Here is an opportunity to add a company that went into business just as our capital market was beginning to develop. It will make a fine addition to any collection.

Financial Autographs

2392 Astor, William B. ***($800-1,000)***

American financier; son and business partner of John Jacob Astor; the sole heir upon his father's death in 1848; managed the completion of the Astor Library, adding much of his own money to his father's bequest; concentrating on real estate development in rapidly-growing New York City, he multiplied his fortune and was worth $45 million when he died in 1875. Choice **Autograph Letter Signed** "***Wm. B. Astor,***"2/3 page, small 8vo, New York, July 30, 1850. He writes to author B.J. Lossing across town that "***I have not a portrait of Genl. Armstrong: one of my children, at present absent from the City, has one, and on returning from the Country about the 1st Sept. will doubtless let you have a copy taken of it...***"Age-toned, with light foxing mostly on verso, otherwise in very good condition. Undoubtedly the portrait Lossing sought was of a General John Armstrong, a soldier in the Revolutionary War, U.S. Senator, diplomat, and Secretary of War under President Madison. Just a month after this letter, Lossing's *Pictorial Field Book of the Revolution* was published; Armstrong must have been for his next work a *Pictorial Field Book of the War of 1812*.

2393 Baruch, Bernard M. ***($150-250)***

American financier and public official; made himself a millionaire within ten years of opening his Wall Street brokerage; advisor to Presidents from Wilson to Kennedy. Cordial **Autograph Letter Signed** "***Bernard M. Baruch,***"2/3 page, 8vo, on stationery imprinted ``Little Hobcaw,'' Kingstree, South Carolina, December 13, 1955. He answers a question from "***Miss Craven - Alas I can be of no service to you. I have no favorite dish or recipe. Water is what I drink the most, now and then a little Bourbon. I like champagne but it does not like me...***"In very good condition. A look at the great financier's personal charm and accessibility.

2394 Colonial America: George Clinton ***($150-250)***

Colonial governor of New York; earlier an admiral in the British Navy; lost a long political struggle against legislative powerhouse James DeLancey, which resulted in the weakening of the royal government; recalled in 1753, he later served in Parliament; father of British general Sir Henry Clinton. Choice partly-printed **Document Signed** "***Ge. Clinton,***"as "***Captain General and Governor in Chief of the Province of New-York, and Territories thereon depending in AMERICA, Vice-Admiral of the same,***"1 page, oblong folio, Fort George, New York, September 4, 1748. He appoints "***Jacob Townsend Lieutenant of a Company of Foot Militia for Oyster Bay in Queens County...***"With embossed colonial seal. Edge wear especially at left, overall age-toning, otherwise in very good condition. Though fighting had died down between England and France in the so-called "King George's War," and never reached as far as Oyster Bay on Long Island's north shore, the conflict provided Clinton with the opportunity to exercise his favorite role as military commander of New York. It also presaged the French and Indian War, which helped accelerate the colonies' march toward independence.

2395 Cooper, James Fenimore ***($175-250)***

American author; his most successful works were romantic novels of frontier life known as the Leather Stocking Tales, which included *The Last of the Mohicans, The Pathfinder* and *The Deerslayer.* Choice partly-printed **Autograph Document Signed** "***J. Fenimore Cooper,***"1 page, narrow oblong 8vo, Cooperstown, New York, May 12, 1836. A bank check drawn on the Otsego County Bank in the amount of $25.00, payable to himself. Wear at left edge, otherwise in very good condition.

American financier and automotive engineer; worked for General Motors, for which he designed the popular GTO; formed his own company to build and market his dream car, the gull-winged, stainless steel DMC-12; in 1982, convicted of trying to smuggle cocaine in order to raise money for his failing company. Very unusual group of over 60 documents, including 56 **Typewritten Documents Signed** "***John DeLorean***"as president of Composite Technology Corporation. Wingate, acknowledging receipt of a letter, adding thanks "***for the copies of your paper which you sent...I have no objection to the enclosed*** [not present] ***being published...***" Integral leaf removed unevenly, long tear repaired with extraneous paper, mounting traces, otherwise good. 2398 Frick, Henry Clay ***($250-350)***

American industrialist; developed Frick & Co., providing coke to Pittsburgh's steel mills, becoming a millionaire by age 30; joined with Andrew Carnegie in 1882, helping make his steel company a national giant; ruthlessly quashed the 1892 Homestead Strike despite being shot and stabbed by an anarchist; helped organize and then led J.P. Morgan's U.S. Steel Corportation; bequeathed a peerless art collection and his palatial home to the public. Exceptional partly-printed **Document Signed** " ***H.C. Frick,***"one page, narrow oblong 8vo, New York, December 16, 1910. A bank check drawn on the Fifth Avenue Bank in the amount of $200.00, payable in cash. Endorsed on verso by Joseph Holroyd as payable to John McLean, who also endorses the check. Typical puncture cancellations not affecting signature.

2399 Getty, J. Paul and George F. Getty [4] ***($700-900)***

Father and son American oil magnates; though father George F. Getty had made millions in oil, and secured the best education for his son J. Paul, he would not trust the young man with the family business, instead partly financing his Oklahoma oil well investments; within a few years J. Paul had made his first million; still, when George died in 1930, he only left his son $500,000, forcing him to buy the family oil company from his mother; he soon built it into an international oil empire, but despite making over $1 billion, he was known throughout his life for his parsimony, no doubt from his father's influence. Exceptional group of signed checks, including a partly-printed **Autograph Document Signed** twice"***Geo. F. Getty***"as President of Getty Oil, 1 page, oblong narrow 4to, Los Angeles, June 30, 1917. His personal bank check drawn on the Security Trust and Savings Bank, payable to" ***Geo. F. Getty***"in the amount of $50. Perforated cancellation affecting pay order signature, otherwise in very good condition. With printed **Document Signed** "***Geo. F. Getty,***"1 page, oblong narrow 4to, Los Angeles, April 17, 1917. Another check of the same account, payable to "***Getty Bell & Breene***"for $250. With perforated and handstamp cancellations, the latter touching but not marring Getty's signature, otherwise in very good condition. With partly-printed **Typewritten Document Signed** "***J. Paul Getty,***"1 page, narrow oblong 8vo, Santa Monica, California, February 16, 1948. A check drawn on the Security-First National Bank of Los Angeles in the amount of $646.65, payable to the Independent Exploration Company, whom Getty undoubtedly contracted to test possible oil fields. In very good condition. With unusual **Manuscript Document Signed** "***J. Paul Getty,***"1 page, oblong 8vo, London, May 16, 1967. A bank check drawn on the Chase Manhattan Bank in London, payable to Charles W. Praylen in the amount of five pounds, fourteen shillings. Red pen cancellation touches four letters of signature, otherwise in very good condition.

2400 Railroads: Collection [5] ***($300-500)***

Fine collection of autographs from railroad presidents. Features a partly-printed **Document Signed** "***H.E. Huntington***"as President of the Pacific Electric Railway Co., 1 page, oblong 8vo, Los Angeles, January 13, 1904. A bill payable to "***Pacific Mutual Life Ins. Co. / San Francisco...For amount collected from J.B. Wooderson...Dec. 1903...$1.85...***"Huntington signs the voucher on verso, approving its use for payment at the "***Farmers and Merchants National Bank...***"Perforation cancellation, not affecting signature, otherwise in good condition. Wright of Chicago, for whom he has acquired a coveted gun. In very good condition. **Typewritten Letter Signed** "***E.T. Jeffery***"as President of the Denver & Rio Grande Railroad, 1 page, 8vo, on his engraved official stationery, New York, May 2, 1911. He writes James B. Forgan, President of the First National Bank in Chicago, "***Many thanks for sending me a copy of the Address you delivered yesterday before the Executive Council of the American Bankers Association...***"In very good condition. With humorous **Autograph Sentiment Signed** by railroad promoter, lecturer, reformer and gadfly "***Geo. Francis Train,***"1 page, on a 2" x 5" sheet, no date [probably 1876], proclaiming that it is "***Good for One Thousand Dollars at the next Centennial.***" Irregular left edge, lightly age-toned, otherwise good.

2401 Sage, Russell ***($450-600)***

American financier and politician; initially found success as a grocery wholesaler; elected as a Whig to U.S. Congress; moved to New York City during the Civil War to involve himself in securities, especially railways; an ally of Jay Gould, he became director of several railways and telegraph companies; his widow used her inheritance toward acts of progressive philanthropy, including the founding of Russell Sage College, originally a school for women. Choice **Autograph Document Signed** "***Bates & Sage,***"1 page, narrow oblong 8vo, Troy, [New York], June 21, [1853?]. He requests a Mr."***Cash Esq., Sir, please deliver to the bearer Cyrus Amiden Note due to day for $250...***"Age-toned and lightly soiled, with partial fold break at lower right corner, otherwise in good condition. A good early Sage document.

2402 Scott, Thomas A. ***($850-1,000)***

American railroad president; rose from a job as a station agent for the Pennsylvania Railroad to lead the company; named the first Assistant Secretary of War at the outset of the Civil War, managing Union rail communications; a supporter of the southern route for a transcontinental railroad, he later ran the Union Pacific and the Texas Pacific lines. Excellent early **Autograph Letter Signed** "***Thomas A. Scott,***"1/2 page, 8vo, on stationery imprinted ``Transportation Departm't. Penna. R.R.,'' Pittsburgh, August 5, 1854. He writes "***Dr. Sr., Enclosed please find Receipt & duplicate signed as you requested - deposit amt. due me in Lancaster Bank in accordance with directions sent you in mail of yesterday...***"Small fold at one corner, otherwise in very good condition. The Pennsylvania's own tracks between Philadelphia and Pittsburgh had been completed just months earlier, initiating service with three trains a day in each direction. Before the ``Pennsy,'' the only route between those cities was via a complex system of rails and canals.

Signed by Vanderbilt and Gibbons

2403 Vanderbilt, Cornelius [2] ***($1,500-2,000)***

American financier; founder of the family fortune; at the age of 16, he bought a boat and ferried passengers and goods between Staten Island and Manhattan, thereby earning himself the nickname "the Commodore;" he was authorized during the War of 1812 to transport provisions to regiments around the city and soon had a small fleet engaged in a river and coastal trade; in 1818, worked for Thomas Gibbons, a ferry-boat owner, whom he helped compete against Robert Fulton, who claimed a monopoly right for mail, freight and passenger service in the New York area, operating for years illegally; with Vanderbilt's support, Gibbons managed by 1824 to have Fulton's monopoly voided by the U.S. Supreme Court, under John Marshall's direction, in the landmark Gibbons v. Ogden case; amassed great wealth in shipping, and by 1862, turned his focus to railroads from which he enlarged his fortune considerably, making him one of the richest men of his time. Choice **Manuscript Document Signed** by "***C. Van Derbilt***" and by "***Wm. Gibbons,***" 1-1/2 pages, legal folio, no place [New Brunswick, New Jersey], April 10,1822. A statement of "***Cornelius Vanderbilt in account with the Steamboat Bellona,***" one of Gibbons' boats helmed by the future millionaire. Catering to commuters, it boasted highly competitive rates and on-board meals, as well as extended travel arrangements through stagecoach connections. The elderly Thomas Gibbons had put his partner and son William in charge of the steamboat operation by this time. This accounting record [balance sheet], covering October 1 - November 1, 1821, lists revenues on the left facing page and expenses on the right. Of the $2594.67 expended, a considerable amount of money is shown as spent, as would be expected, on wood for fuel [coal not being much used until the early 1830's], as well as provisions for the dining room and the bar. Salaries for personnel on board are given, along with an outlay "***to William Gibbons on account***"for $400.00 Revenues matching the amount of expenses include: "***893 passengers from N.B. to N.Y. - $222.87-1/2; 492 Stage passengers from N.B. to N.Y. - $368.65-3/4; 162-1/2 passengers from Amboy to N.Y. - $20.69; 731 passengers from N.Y. to N.B. - $90.25; 544 Stage passengers from N.Y. to N.B. - $430.15-3/4...Receipts of Freight $4.75; Receipts from Bar $141.00; Receipts of [Dining] Table $713.12-1/2***" Interestingly, although ridership had grown over six previous months, the present revenue from ticket sales is lower than it had been, indicating that Gibbons and Vanderbilt had slashed their fares. However, the increase in passengers meant that with bar and tale receipts, the *Bellona* took in over $500 more in total revenue. Normal age-toning, otherwise in fine condition. An outstanding and very scarce document of Vanderbilt, capturing the young financial genius at age 28 in his lucrative steamboat environment. With partly-printed **Autograph Document Signed** "***A. Coles,***"1 page, oblong narrow 8vo, New York, June 26, 1828. A check-format receipt for payment from the "***Steam-Boat Swan***"in the amount of 86.83 for " ***Beef...sausages...clams...fish & Lobsters...Vegetables...***"In very good condition. The *Swan* was added to Gibbons's fleet in 1826. Two choice, early steamboat records of special historical importance.

There are only a few Mill denominated notes in the early American series. An always popular and superb piece of early Connecticut history. ***($650-950)***

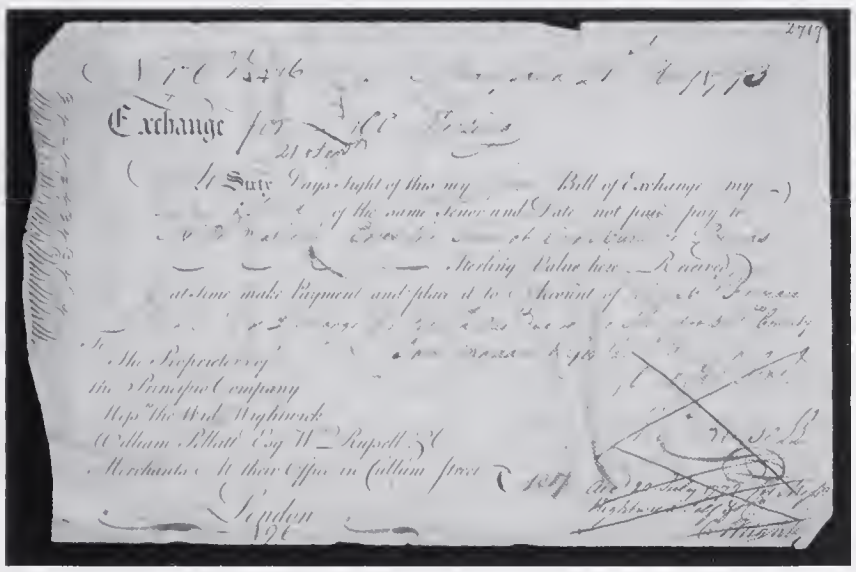
George Washington's Father Was an Investor in this Early Maryland Iron Company



Exchange

2907 **Maryland 1773 Bill of Exchange**. To the Proprietors of the Principio Company, London, and dated "Maryland, May 21, 1773," a 60-day sight Bill of Exchange for 100 Pounds to the account of the Kings Company Furnace "it being to discharge the Publick amts. Due to the Sheriff of Balt[imore] County." With numerous endorsements and signatures on both front and back. An interesting piece of early Maryland colonial fiscal paper. **Fine.** ***($500-750)***

In 1719 the Maryland Assembly Approved an act for the creation of an iron industry. Owners who would commit to the production of iron received generous land grants, and up to eight of their workers were exempted from military service or work on public roads. This attracted investors in Great Britain.

On March 4, 1720, a group of British investors formed the Principio Company. Thomas Russell, who signed this exchange, was one of the original owners, and **Augustine Washington, George Washington's father,** became a stockholder in 1729.

The company produced and exported iron back to Great Britain to be made into finished goods. The Principio forge survived until 1781 when it was seized by the Maryland government and auctioned off.

2932 Pennsylvania Population (PA) 1794. **One Share.** Issued to **Aaron Burr.** Signed by **John Nicholson** as president, Tench Francis as treasurer. **VF,** with small pieces out of the broad bottom margin, some light stains, a small fold junction hole, and a split in the top edge. ***($1,000-1,500)***

The Pennsylvania Population was a land speculation by John Nicholson. He gambled on the possibility that European aristocrats would flee to the Continent after the French Revolution and relocate in America. The aristocrats never came, and John Nicholson was stuck with over one million acres of Pennsylvania territory. The firm collapsed in 1800, and it took more than fifty years to untangle its affairs. Whether Aaron Burr was simply making a personal investment, or whether his political influence was being sought on behalf of the Company is unclear. Most of the Pennsylvania Population certificates are in institutional hands, and may never become available to collectors.

2933 Library Company of Philadelphia (PA) 1793. Receipt for **10 Pounds** for the use of the Library. Typeset form. Issued to Thomas Austier. VF, rounded corners, and a heavy vertical center fold reinforced with archival tape. Ex Smythe January 1996 auction. ***($200-300)***

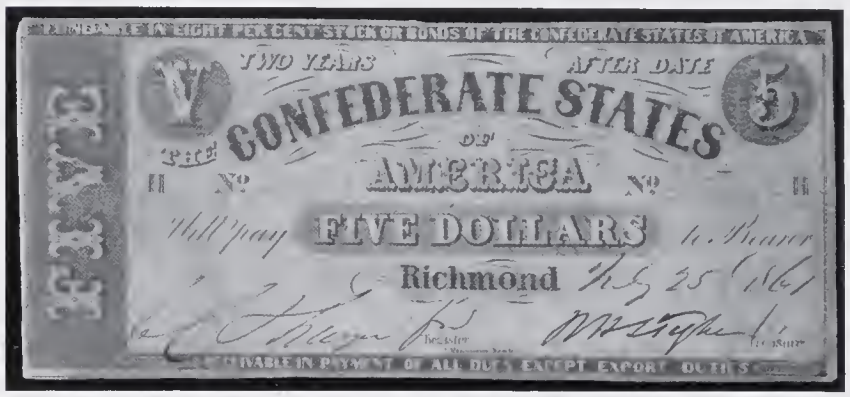
2941 **$10.** A. T-10. Cr.37. No.74568. Woman with anchor and cotton bale, left. Eagle and shield with flag. **Fine,** CC, trimmed just into the lower left border, but a nice, clean note for the grade. ***($200-300)***



2942 **$5.** H. T-12. Cr.48. No.1399. Manouvrier. Blue back. **VG-F,** perhaps better. ***($2,500-3,750)***

Manouvrier disappointed the CSA Treasury officials and his contract was terminated for two reasons: his design was too plain, and the shipment of $10 notes he sent to Richmond was broken into. None of the $10 notes have ever been reported.The $5 notes are very scarce in all grades.

2943 **$50.** A1. T-14. Cr.75. No.9409. **VG-F,** CC. ***($20-30)***

2944 **$50.** ZA. T-16. Cr.84. No.75332. Jefferson Davis. Green tint. Very clear script CSA watermark. **F-VF,** CC, backed with tape. ***($100-150)***

2949 **$10.** I. T-24. Cr.164. No.68720. Hunter, left. Alfred L. Elwin, right. Red tint. CSA script watermark. **AU,** small triangular cut outs in the bottom. There is a trace of mounting glue on back. ***($225-375)***

2950 **$10.** K. T-24. Cr.164. No.60049. Hunter, left. Alfred L. Elwin, right. Red tint. CSA script watermark. **VF,** CC. Very nice margins all around. ***($200-300)***

Ironically, the child used as the model for the artwork at right grew up to be Dr. Alfred L. Elwin, an ardent Unionist, Republican, and abolitionist.

2951 **$10.** Ab. T-27. Cr.221. No.749. Liberty, eagle and shield. Only 7,160 were issued. More elusive than the $5 "Indian Princess" T-35 notes, which were printed on the same plate. Hard to find in any grade above Fine, and this example is brighter and sharper than many Fines we have seen! **VG-F,** CC, and very minor mounting remnants on the back. All margins clear, though close at left. ***($9,000-13,000)***

2952 **$5.** A. T-31. Cr.243. No.13101. Five woman. Red-orange overprint **VG,** perhaps better. ***($300-500)***

2961 **$5.** W. T-34. Cr.262. No.1302. Memminger. Engraver's name at top. Printed on paper with CSA block letter watermarks (vertical). **F-VF,** CC, with clear margins, close at top left. ***($125-175)***

Indian Princess

2962 **$5.** Ab. T-35. No.3185. Indian Princess, right. Dock workers load cotton while overseer watches, left. One of the keys to completing any Confederate currency type collection, with approximately 90 specimens reported. Printed on low quality paper that wore out easily, and the vast majority of the survivors are in the Fair to VG range.

This is a typical example, closely trimmed, and with some repairs. The upper right and lower left corners have been restored, and small edge splits have been mended, but the appearance is quite pleasing. The image of the dock workers and overseer is quite distinct, and the other design elements are bold for this grade.

Rarely offered, and always in demand. **VG,** some minor repair. ***($16,000-24,000)***

2963 **$5 1861 Notes.** 1) **$5.** A. T-36. Cr.278. No.10718. Commerce on bale. Sailor, left. **F-VF.** 2) **$5.** T-37. Cr.285. No.10718. Sailor on cotton bale. Memminger, left. **Fine,** with a mounting hinge on back. Small split, right. [2] ***($100-150)***

2964 **A Nice Grouping of CSA Notes.** 1) **$5.** T-36. Cr.278. **Fine.** 2) **$5.** T-37. Cr.285. **F-VF.** 3) **$100.** T-41. **F-VF.** 4) **$10.** T-68. **Uncirculated.** 5) **$5.** T-69. **AU.** [5] ***($150-250)***

Also included is a bond coupon.

2965 **$5.** 6. T-37. Cr.285. No.173. Sailor leans on bale. Memminger, left. Justice and Ceres, right. The signatures are bold, the left serial number bright red. Strictly original, and very attractive. **VF-EF,** with a pin hole in the upper left margin, and two trivial fly spots. ***($150-250)***

2966 **$5.** 8. T-37. Cr.285. No.9074. Sailor leans on bale. Memminger, left. Justice and Ceres, right. **EF,** strictly original, and with excellent margins for this issue. Some pencil notations on the back. A few pinholes. ***($300-500)***

2967 **$5.** D. T-37. Cr.284. No.22073. Sailor leans on bale. Memminger, left. Justice and Ceres, right. **VF,** crisp and bright. Decent margins. ***($100-150)***

2968 **$5.** B. T-37. Cr.284. No.13955. Sailor leans on bale. Memminger, left. Justice and Ceres, right. **VF-EF,** very crisp and bright, and the margins are excellent for this issue. One inconsequential fly spot mentioned for accuracy only. ***($150-250)***

2969 **$2.** T-38. Cr.286. Judah P. Benjamin. This was the first $2 note issued by the Confederacy. Blanton Duncan, the printer, used the 1861 date in error, as these notes were supposed to be part of a new series dated 1862. Printed on lower quality paper, most surviving examples are Good-VG. This specimen appears Fine at first glance, but a portion of the right border was taped back into place, and there are other minor repairs. This is a note that could benefit greatly from professional restoration. **Good.** ***($250-450)***

2970 **$2.** T-38. Cr.286. Judah P. Benjamin. Erroneously dated September 2, 1861. **G-VG,** pinholes. ***($300-500)***

2971 1) **$100.** Ah. T-39. Cr.293. No.12289. Milkmaid. Train with straight steam. Richmond stamps. **AU,** close to Unc. 2) **$100.** Ah. T-40. Cr.298. No.59706. Diffused steam. Montgomery stamps. **Uncirculated.** 3) **$100.** Y. T-41. Cr.326A. Calhoun. Field hands hoe cotton. **Uncirculated.** [3] ***($225-325)***

2973 **$2.** 5. T-42. Cr.337. No.230. Judah P. Benjamin. June 2, 1862. Third Series. **Uncirculated,** the margins are clear, for the most part. ***($200-300)***

Boldly printed, with sharp signatures, and very clear serial number. **Uncirculated,** with minor set paper wrinkling, as made. Wide margins at the sides and bottom, trimmed just into the upper left border. ***($150-200)***

2976 **$1.** 7. T-45. Cr.342. Liberty. Steamship. Lucy Pickens. Green ONE. Excellent color. **VF,** no trace of the serial number shows, and there are some stains on the back. Trimmed close at the top, and left side. ***($225-375)***

2977 1) **$2.** 4. T-45. Cr.342. Liberty. Steamship. Lucy Pickens. Green ONE. **Good,** with upper left corner gone. 2) **$10.** L. T-46. Cr.344. No.20416. Ceres on cotton bale. R. M. T. Hunter. 2979 **Uncut Sheet of $10 1862 T-46 Notes. $10-$10-$10-$10-$10-$10-$10-$10.** T-46. Cr.343. Ceres on cotton bale. Hunter. A rare sheet, but it has been silked on both sides. Still very desirable. ***($1,000-1,500)***

The Enigmatic "Essay" or "Fantasy" Note

2980 **$20.** N. XX-2. (Formerly T-47). No.756̀5. Controversy has swirled around the two notes known as "essays" for over one hundred years. The evidence certainly indicates they were not officially issued. There is no record of them in the *Thian Register of the Confederate Debt.* No respectable printer would deliver bank notes to a customer with the printer's name spelled wrong (Keatings and Ball, instead of Keatinge and Ball). No other CSA notes were printed on this particular paper.

On the other hand, "essay" notes have been found in original hoards of CSA paper, proving that they were contemporary to the Confederacy, and almost every major collector of CSA currency has included the "essays" in their holdings.

Rarely offered, and with AU examples bringing over $7,000 at auction, we feel our estimate is quite conservative. **Fine,** with a few very minor fold junction pinholes. ***($3,500-5,000)***

2981 **$20.** C. T-51. Cr.365. State capitol, Nashville. **AU,** CC, small piece out. ***($150-225)***

Comprehensive Catalog and History of Confederate Bonds
$45.00
By Douglas B. Ball, Ph.D.
1998. 288pp, hard cover.
In the book that renders all previous Confederate Bond references obsolete, Ball identifies close to 400 different Confederate Bond varieties including several great rarities unlisted until now. Hundreds of illustrations help even the most inexperienced collector match a bond to its catalogue listing. In addition, the book gives an in-depth history of the bond signers, the printers, the legislation, the Coutts Bank Hoard, and more, such as new, up to date rarity listings for every bond; prices for two different grades; number range information not available in any similar publication; and comprehensive "Ball" numbers for all listed bonds (plus a cross-reference to Criswell numbers). This is far and away the best book on the subject of Confederate Bonds. Order today and reap the benefit of Dr. Ball's many years of dedicated research.

Legal Tender Notes

3021 **$1. Fr.17a.** 1862. No.84701, Series 61. **VF-EF.** Trimmed slightly into the design at the left, the other margins full. Clean and bright, with no pinholes or other defects. ***($550-850)***

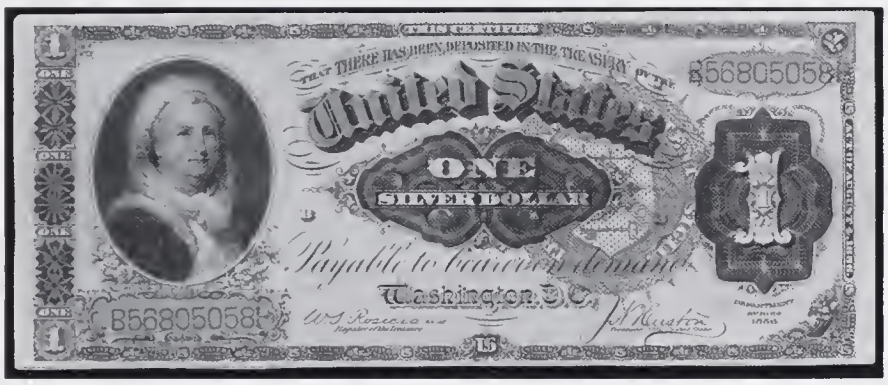
3022 **$1. Fr.16.** 1862. No.74790, Series 239. **Fine.** A few pinholes or fold juncture holes, and a tiny corner tip off (not touching the engraving), but the face looks more than a full grade better. ***($200-300)***

3023 **$1. Fr.30.** 1880. No.Z54240681. **VF.** A clean and particularly attractive example despite an inconspicuous trace of edge softness in the top margin at the left. ***($175-275)***

Silver Certificates

3024 **$1. Fr.36.** 1917. No.A71102005A. **Choice Uncirculated.** A hint of an old counting pinch is all that keeps this note from gem. ***($200-300)***

3025 **$1. Fr.217.** 1886. No.B25676623. **Fine.** A trifle close at the bottom, but clean for the grade, and looks VF. ***($200-300)***



3026 **$1. Fr.219.** 1886. No.B56805058. **Fine.** Bright, crisp, and quite clean for the grade, but a couple of the folds have broken the engraving slightly. One of the scarcer Martha varieties. ***($225-350)***

3027 **$1. Fr.224.** 1896. No.546989. **VF-EF.** Beautiful broad even margins, with the "arm's length" look of a Gem Unc. A perfect type note that shows this classic design to full effect. ***($450-650)***

3028 **$1. Fr.225.** 1896. No.34066251. **VF.** A very attractive circulated type note, with nearly perfect margins and not a single defect, large or small. **The lowest serial number known for this variety,** just slightly into the Bruce-Roberts serial number range. ***($350-500)***

3029 **$1. Fr.226a.** 1899. No.A2635861. **Choice Uncirculated.** Very close to Gem, with good margins and embossing. ***($400-600)***

3030 **$1. Fr.226a.** 1899. No.A24828264. **EF. The bottom margin has full sheet selvedge,** with sheet plate numbers 13066 on the face and 13116 on the back. Slightly close and irregularly trimmed at the top, and the extreme bottom edge shows a slight cut in, far from the engraving. ***($175-250)***

3031 **$1. Fr.229.** 1899. No.X20775891. **Choice Uncirculated.** Virtually Gem, with just faint teller handling at the right. Good embossing and nice even margins. ***($400-600)***

3032 **$1. Fr.233.** 1899. No.Z87134195Z. **EF-AU.** A perfect example but for one light center fold. ***($125-200)***

3033 **$1. Fr.234.** 1899. No.D94473278A. **Gem Uncirculated.** Crackling fresh, with excellent margins. Even in a fairly common type this has become increasingly difficult to locate in this superb state of preservation. The scarcest of the late Black Eagle notes. ***($650-850)***

3034 **$1. Fr.235.** 1899. No.H11521187A. **Choice Uncirculated.** The bottom margin is a bit close at the center, but this is a full Gem in all other respects. ***($350-500)***

3035 **$1. Fr.239.** 1923. No.B46749955E. **Choice Uncirculated.** A very tough variety of an otherwise common type. Completely original and very close to Gem. ***($300-450)***

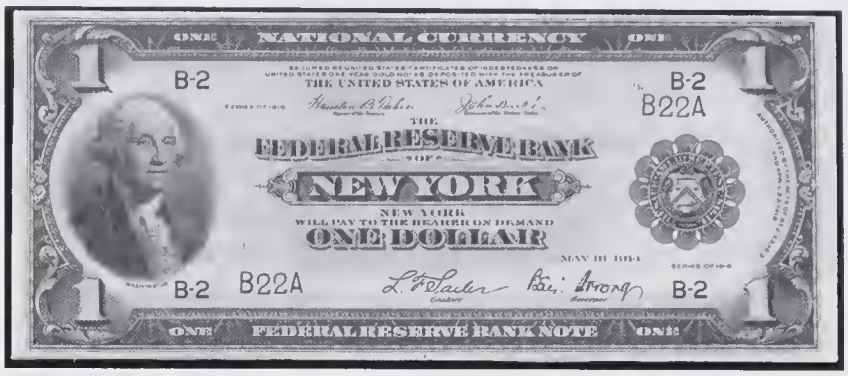
Treasury Coin Note

3036 **$1. Fr.351.** 1891. No.B47061228. **Fine.** One central pinhole, but bright, with good margins, and the appeal of a higher grade. ***($200-300)***

Federal Reserve Bank Notes

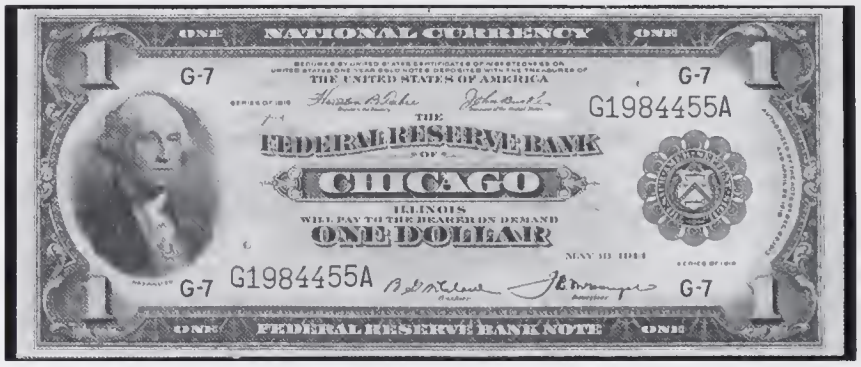
3037 **$1. Fr.708.** 1918. No.A14767707A. **Choice AU.** Kept from a higher grade by a hint of an old soft center fold. ***($150-200)***

Low Number Fr.711



3038 **$1. Fr.711.** 1918. No.B22A. **Choice Uncirculated.** Bright and crisp, and very close to Gem. No single digit serial number notes are known for this variety, and very few two-digit notes. ***($350-500)***

3039 **$1. Fr.721.** 1918. No.E1859178A. **Choice AU.** Bright and crisp, but careful examination will reveal enough faint handling to keep this from Uncirculated. ***($175-250)***



3040 **$1. Fr.727.** 1918. No.G1984455A. **Choice Uncirculated.** A beautiful fresh example that will easily into the best Gem set. ***($300-400)***

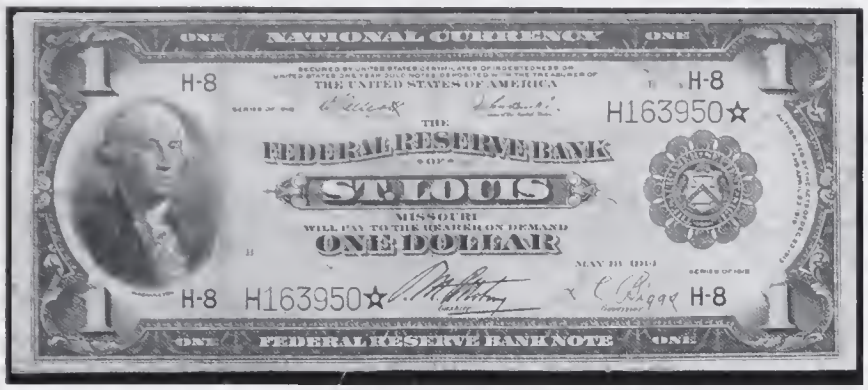
Unique Discovery Star Note



3041 **$1. Fr.732*. STAR** 1918. No.H163950*. **VF.** Clean for the grade, with decent margins and not a single problem, large or small. The Fr.732 is a scarce variety normally, with the census almost even with the more highly touted Fr.731. As a **STAR** note, however, it far eclipses the 731, which has five known. This one is **UNIQUE**, and its existence was not ever rumored until now. A great opportunity for any Star note specialist, but particularly for the St. Louis collector, as this is **the only variety unreported until now.** ***($2,500-4,000)***

3042 **$1. Fr.739.** 1918. No.J19276353A. **Choice Uncirculated.** A Gem but for a slightly close top margin. Fully bright and crisp, with good embossing. ***($300-400)***

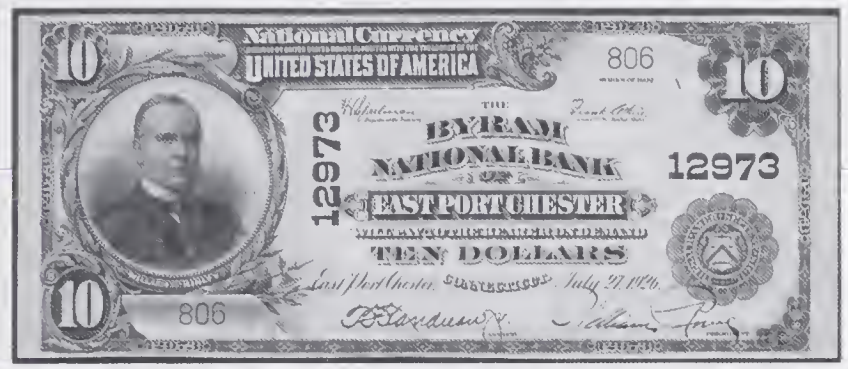
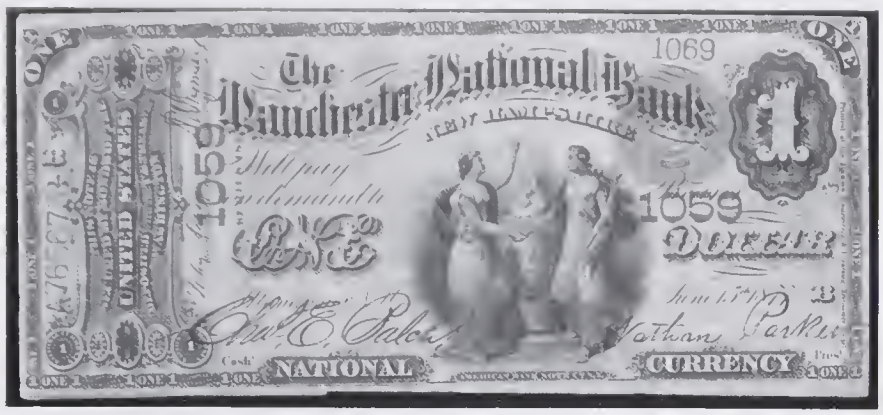
3049 ***United States National Bank Notes / Original Series / First and Second Charter Periods,*** by Dr. Frank A. Limpert, D.D.S. Subtitled "The Spinner Collection State and Territorial Seals Heraldry and Other Data." First edition, undated. Number 551 of 1,000 printed. 8 1/2 x 11", spiral bound. A wealth of information on all titled subjects, with illustrations of many rare notes and all the State Seals as they appear on National Bank Notes. A difficult work to find, and in nice condition but for one disjoined page. ***($75-125)***



3050 **Ch.12973.** *East Port Chester.* **Byram NB. $10. Fr.635.** 1902 PB. No.806/806 A. **VF-EF.** A **very rare** bank that issued only 923 sheets of Plain Backs before moving on to the Small Size notes. **This is only the second note reported,** not surprising as **only $400 in Large notes remained outstanding in 1935.** The new Kelly values it at $7,500, in keeping with the one and only public sale of a Large note - at the 1998 F.U.N. Convention sale another $10 sold for $8,250. This one is not quite as nice, but it is clean and crisp, with decent margins and bold signatures, and the initial appearance of a much higher grade. A great opportunity for the Connecticut collector, as this is the only issuing bank in this small community in affluent Fairfield County. ***($7,500-12,500)***

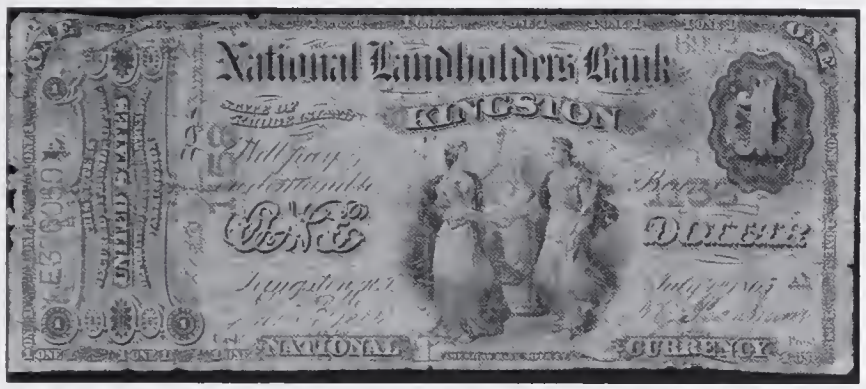
3051 **Ch.666.** *New London.* **NB of Commerce. $5. Fr.1800-1.** 1929 T1. No.A002082A. **Choice Uncirculated.** Bright and crisp, with good margins and embossing. Kept from Gem solely by a bit of light teller handling at the right. ***($200-300)***

3052 **Ch.M6154.** *Benson.* **First NB. $5. Fr.598.** 1902 PB. No.X57999D/2753 H. **VG-F.** Some pinholes scattered in the portrait. A **very rare** Large Size only bank that was placed in receivership a few years before the Small Size era. **Only six notes are recorded**- this **Unique $5,** and five $10s. More importantly, they are very tightly held, as **not one of them has been sold publicly since the 1940s,** when a stained EF $10 appeared as part of the Grinnell Collection. This note was obtained decades ago when the Ellerby hoard was disbursed privately, and is likely the $5 listed by Kelly with no data. Unless you're retired and in your 70s or 80s, this is truly a once in a lifetime opportunity. ***($1,500-2,500)***



3053 **Ch.1059.** *Manchester.* **Manchester NB. $1. Fr.384.** 1875. No.A765673/1069 B. **VF.** Close margins at the sides, but otherwise a nice problem-free example.Only four $1 notes are known for this bank, and this is **the finest known.** In addition, of sixteen 1875 $1 notes known for the entire state, only two grade higher than this (and just by a small margin).
($4,000-6,000)

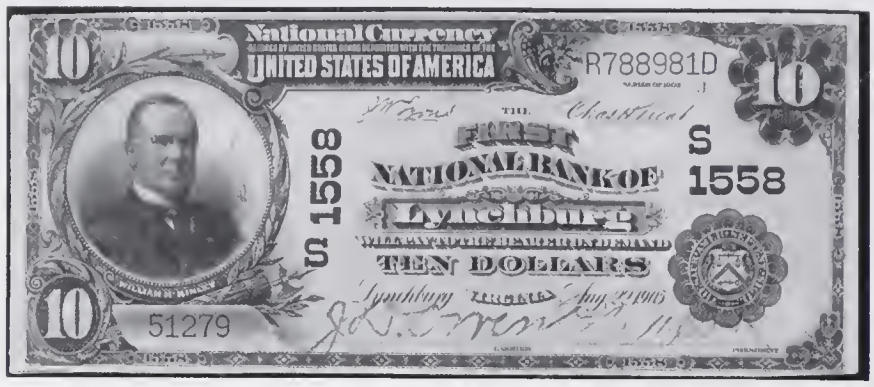
Rare Kingston Ace



3054 **Ch.1158.** *Kingston.* **National Landholders Bank. $1. Fr.380.** Original Series. No.E336059/6902 A. **Good.** Some edge and internal weakness and splitting, but no significant pieces missing. A **rare** bank, liquidated in 1905. Kelly lists **just four notes known** (3 $1s and a $2), to which we can add this new discovery.
($1,500-2,500)

Included with this lot is a letter from the Holman Liver Pad Company of New York, dated July 30, 1880, returning this note to a customer.

Virginia



3055 **Ch.S1558.** *Lynchburg.* **First NB. $10. Fr.625.** 1902 PB. No.R788981D/51279 J. **VF-EF.** Good margins and nice purple stamped signatures make this a rather pretty note. Looks AU at first glance. Quite available in Small Size, but **this is the finest of only seven Large Size notes reported for this bank.**
($450-650)

3056 **Ch.1558.** *Lynchburg.* **First NB. $5. Fr.1800-2.** 1929 T2. No.A000647. **Fine.** Decent margins, with no defects. A new addition to the census, and just the third T2 $5 known. Nicer than the other two, which grade only VG. ***($250-350)***

3057 **Ch.1558.** *Lynchburg.* **First NB. $10. Fr.1801-2.** 1929 T2. No.A012822. **Fine.** Almost identical to the last.

United States Paper Money Records — *Book or CD....$125.00*
By Martin Gengerke
2001. 275pp, spiral bound.

Before you buy a single piece of Federal Paper Money, there are several things you really need to know. How many times has a particular note appeared in auction or sales or in dealer price lists? How was a specific note graded in its previous appearances? What is the 50-year price history and provenance of that note? In United States Paper Money Records Gengerke, one of America's leading experts on Federal Currency has compiled and unprecedented data base of facts and figures that every major dealer or collector should have in their own library. There are over 10,000 auction or price list appearances recorded; each note listed is identified by Friedberg number and serial number and Gengerke gives "summary" grades when more than one grade has been recorded for a single note. This priceless work is also available on CD-ROM, and lists over 76,000 notes, in database, spreadsheet, and text formats, for IBM compatible computers.

Prior to the issuance of Postage Currency, stamps were widely circulated to aid merchants in making small change. As one can imagine the stamps quickly became stuck together and hard to manage. One solution was to use small (43mm x 78mm on average) envelopes to hold the stamps. Merchants supplied them to customers, and often had the store names printed on the front as a form of free advertising. The majority of these are quite rare today.

HINTS FOR BIDDING BY FAX OR MAIL

Bidding in auctions can sometimes be a real challenge, but bidding by mail presents its own set of issues. Many dealers and collectors are not able to appear at auction in person, yet want to participate in the bidding process. Experience has taught us ways to minimize frustrations, and maximize results for those bidding by mail, and we would like to share some of those ideas with you. Here are the questions we are asked most often, and some of the suggestions we have made to bidders submitting mail bids. We think they will save you time and money, as well as help you win lots you might otherwise miss.

"I can't come to your office to view lots, but I want to know more about a particular lot before I bid on it."

Lots are available to be viewed at the times and places posted in the front of the catalogue. We often bring lots to conventions, and there is no better way to learn about numismatics or scripophily than to attend a convention, view auction lots, and talk to dealers and collectors. But if you can't view items personally, here is how we can help you get a better idea of what you are bidding on:

1) Call us, and we will be happy to have one of our experts describe any lot you ask about.

2) We can arrange to copy most items and we will FAX or mail the copies to you at a nominal charge. We can also scan items and email images.

3) If you have established credit with us, we may be able to ship lots to you for direct viewing.

Please realize that requests for phone assistance, for copies or for shipping lots directly to you must be arranged well in advance of the closing date of the sale, and that a cost may be charged for these services.

"I have a limited budget and although there are many items I would like to bid on, I am afraid of exceeding my budget."

There is an easy way to solve this problem. It is called a "limit" bid sheet. Let's look at an example. Mr. Smith collects Confederate notes, and he sees that there are over thirty lots he would like to buy. His budget is $1,000, but the estimates on the thirty lots he likes add up to well over $5,000. If he bids on all thirty, he might win them all and exceed his budget. To be safe, he bids on only ten, and he wins only one lot for a $100. Mr. Smith is disappointed because he missed the chance to bid on all thirty lots. He could have bid safely on all thirty lots and increased his chances of improving his collection by submitting a "limit" bid sheet. Here is how it works:

Mr. Jones has the same collecting interests as Mr. Smith. He has the same $1,000 budget. Mr. Jones bids on all thirty lots he is interested in. He writes at the bottom of his bid sheet "Please limit my total winning bids to $1,000." Every time Mr. Jones wins a lot, we keep track of his total spending. When the total reaches $1,000, we will stop applying his bids. We did what he would have done had he been at a live auction. We spent only what he budgeted for.

"What if there are three similar lots, and I only want one?"

"#101 OR #102 OR #103 at $200" will work perfectly.

"I bid $30 on a lot that was estimated at $100, and I didn't get the lot. Later, when I got the Prices Realized, the lot was reported as unsold. Why didn't I get the lot?"

The Terms of Sale state that bids less than 60% of the estimate will not be accepted. As auctioneers, we have a responsibility to the consignors as well as the bidders. Any bid that is considered to be less than the "...regular market value..." of the item may be rejected by the auction house. Keep this in mind when making bids below the estimates given.

We hope these questions and answers have been helpful. If you have any comments, suggestions, or further questions concerning Smythe auctions, please feel free to call us at 800-622-1880, or 212-943-1880.
